BIDDER RESPONSE FORM
2020-13 Crew Cab Mechanic's Service Truck
Cole County Public Works

The following are the minimum specifications for one (1) new mechanic's service truck with a 11-foot service body, this specification is showing the truck components. You shall meet the minimum mandatory requirements of this bid specification or your bid will be excluded.

Show the model you put these components together with on the bidder response form. It is up to you to change any power train item to make this a complete truck. Gear ratio is left out until the awarded bidder consults with the county for the matching engine and transmission.

Bidders must be factory distributors.

There will be a post bid meeting with the recommended bidders (truck dealer and bed/hydraulic dealer) and the Public Works Department to discuss the bid proposal prior to any orders.

Any advertisements are to be left off vehicles delivered to the Cole County Department of Public Works.

Any Exceptions shall be noted on the Bidder Response Form that is provided herein.

Re: Addendum Two to Cole County Bid No. 2020-13; Crew Cab Mechanic's Service Truck

The following information hereby becomes part of the above-referenced Request for Bid and shall be fully considered in the preparation of your response.

1. It states mandatory 3" receiver hitch – I'm not aware of anyone constructing a 3" receiver hitch and most accessories will not fit 3". Knapheide uses 2-1/2" receiver hitches. Would this be acceptable?
 - The hitch receiver needs to be 2-1/2", not a 3"
2. It states that the doors must be made from aluminum. Can these be steel doors as steel would be more secure and less prone to damage?
 - No, they doors need to be aluminum.

The bid receipt date and time **HAVE NOT** been changed; submissions will be received until Thursday, April 9th at 3:00 pm.

I/We have received Addendum Number Two to Bid No. 2020-13 and have fully considered the information provided in preparing a response.
